

AN ORDINANCE TO AMEND ARTICLE V STREET AND UTILITY IMPROVEMENTS SECTION 4 MINIMUM STANDARDS FOR STREET AND HIGHWAY CONSTRUCTION SUBSECTION 4(a) OF THE SUBDIVISION CONTROL ORDINANCE IN EFFECT FOR WARRICK COUNTY, INDIANA

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF WARRICK COUNTY, INDIANA, as follows to wit:

Section 1. An Ordinance to amend Article V Street and Utility Improvements Section 4 Minimum Standards for Street and Highway Construction Subsection 4 (a) by adding the following:

(4) Rigid Type Pavement

- (a) **Rigid type pavement may only be used in Commercial and Industrial zoning districts; residential shall require a waiver by the County Commissioners.** Rigid type pavement shall consist of portland cement concrete placed on a properly prepared subgrade conforming in all respect to the line, grade, thickness and typical cross-sections in the plans prepared by the subdivider and approved by the County Engineer and Plan Commission. Coarse aggregate for Portland cement concrete pavement shall be size No. 5L only, as defined in the standard specifications. Vibrating screeds or oscillating screeds will be permitted for finishing pavements provided the required finish and smoothness are obtained. All joints shall be sealed. Minimum design standards shall be according to the following Table:

Section 2. This Ordinance shall be in full force and effect from and after its passage by the Board of County Commissioners for Warrick County, State of Indiana.

Approved this 11 day of January, 2021.
